4. Excel '13	4. HTML	4. SPSS

Students joined us from 12 colleges and 25 different majors!

"I have really learned a lot in each library technology course I have taken, and I appreciate that you offer them."

"Great instructor and session! I'm excited about more sessions like this throughout the semester."

"The instructor was very nice, and was always willing to answer questions and repeat what we did not understand."

"Chris is incredibly patient and an excellent instructor."
